PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive, accessible, and performant web applications using HTML5, CSS3, JavaScript (ES6+), and React.js. Proficient with Git version control, REST API integration, and translating Figma designs into production-ready components. Eager to contribute to collaborative teams and deliver user-focused digital experiences.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), Python (Basics), C

Frameworks & Libraries: Bootstrap

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools

Concepts: Responsive Design, DOM Manipulation, REST APIs, UI/UX Principles, Cross-Browser Compatibility, Component-Based Architecture

EXPERIENCE

Front-End Development Intern | PathLine Training Academy | Mar 2025 – May 2025

- Built and maintained front-end features using HTML, CSS, and JavaScript in a team environment.
- Applied responsive design techniques and component-based architecture for scalable UIs.
- Collaborated with teammates using Git and GitHub for version control and code review.
- Translated Figma design mockups into interactive, pixel-accurate web components.

PROJECTS

Vantoro Cars — Car Showcase Website — <https://vanto.netlify.app/>

- Developed a fully responsive car showcase platform using HTML, CSS, and JavaScript.
- Implemented dark/light mode toggle and search/filter functionality for enhanced UX.
- Leveraged Bootstrap for consistent, mobile-first layout and styling.

HANSSEN — Product Showcase Website — hanssenn.netlify.app

- Built a modern responsive front-end website with smooth animations and dynamic UI elements.
- Implemented dark/light mode toggle using JavaScript ES6+.
- Ensured cross-device compatibility with fully responsive CSS sections.

CRUDS — Product Management System — curdssss.netlify.app

- Developed a full CRUD (Create, Read, Update, Delete) application with a clean interactive UI.
- Built dynamic data tables, forms, and edit/delete controls using vanilla JavaScript.
- Integrated theme toggle and responsive layout for consistent multi-device experience.

EDUCATION

B.Sc. in Computer Science and Artificial Intelligence — Expected 2028

RELEVANT COURSEWORK

HTML & CSS (Semantic Structure, Flexbox, Grid) | JavaScript (DOM, Events, ES6+, API Calls) | React.js (Components, Props, State, JSX, React Router) | Discrete Mathematics | C Programming | Computer Networks | Digital Systems

VOLUNTEERING

Organizing Representative — YLY (Youth Leading Youth), Ministry of Youth and Sports, Egypt

- Coordinated youth events and workshops under government-sponsored initiatives.
- Managed team logistics and communications for large-scale events.
